Mr Holmes:

The agenda would roughly be:

1. Discussion of further bulkheading and its consequences
2. The effect on economic development in San Juan County from EPA's activities (i.e. what effect on Gold King/Mogul/other mine potential production).
3. Water treatment feasibility
4. Assurances for the the property owners adversely affected by past CDPHE/EPA actions.

I am out of country the week of Sept 10th. Also out of office most of the week of Sept. 24th.

Todd: could you suggest an agenda of things you would like to discuss, so I can make sure the appropriate people are at the meeting.

Thanks
